SUBJECT: Transmittal of the Original Landfill Monitoring and Maintenance Plan (OLF M&M Plan) and Rocky Flats Legacy Management Agreement (RFLMA) Attachment 2 Modification Request

Dear Mr. Spreng:

This correspondence is to transmit the enclosed modification to the OLF M&M Plan, LMS/RFS/S05516-0.0, for review and approval. This is a modification to the original OLF M&M Plan, dated February 13, 2006, and it was prepared as outlined in RFLMA Regulatory Contact Record 2008-07.

The 2006 OLF M&M Plan was approved prior to the September 2006 Corrective Action Decision/Record of Decision for Rocky Flats, and the March 2007 RFLMA. This modification, therefore, revises OLF M&M Plan text to recognize the implementation of the remedy under RFLMA. This modification also recaps and reflects changes resulting from the implementation of the Proposed Action Plan for Original Landfill Cover Repairs and Geotechnical Investigation (DOE 2007), approved by the Colorado Department of Public Health and Environment (CDPHE) on July 16, 2007.

This correspondence is to also transmit for CDPHE review and approval the enclosed September 2009 page change modification to RFLMA Attachment 2, Legacy Management Requirements, to incorporate several changes since the March 2008 page change modification of RFLMA Attachment 2.

These page changes incorporate the following:

- changed monitoring locations approved in RFLMA Regulatory Contact Records 2007-07, 2008-04, and 2008-09;
- changed OLF monitoring and inspection criteria based on the enclosed OLF M&M Plan modification and the performance of inspections since closure;
- completion of additional ecological sampling required by RFLMA; and

- changed surface water standards consistent with revisions promulgated by the Colorado Water Quality Control Commission through August 2009.

Pursuant to RFLMA, Section 10, paragraph 66, public notice is required for any modifications of attachments. We will follow the community-notification and Web-posting protocol to provide notice of the modification request and the final CDPHE-approved modification. As documented in the aforementioned Contact Records, this modification is not significant and, therefore, does not require a public comment period.

If you have any questions regarding the information in this correspondence, please contact me at (720) 377-9682 or Rick DiSalvo at (720) 377-9674.

Sincerely,

Scott R. Surovchak
