Mr. George Cummings
[REDACTED]

Dear Mr. Cummings:

Thank you for your interest in the environmental study underway at the Feed Materials Production Center. We appreciate your participation in the January 1989 community meeting and your concern over the quality of our ground water.

Although it has been a while since you asked for more information, a copy of the Ohio Department of Health Study of Radioactivity in Drinking Water and Other Environmental Media in the Vicinity of the U.S. Department of Energy's Feed Materials Production Center and Portsmouth Gaseous Diffusion Plant is available for public review in the two reading rooms we have established locally. The locations and hours of each reading room are:

Lane Public Library
North Third & Buckeye Streets
Hamilton, OH 45013
Hours: Mon. - Sat.: 9am - 9pm; Sun.: 1pm - 5pm

FMPC Administration Building
7400 Willey Road
Cincinnati, OH 45239
Hours: Mon. - Fri.: 7am - 6pm

Maps containing results of the FMPC Remedial Investigation and Feasibility Study's ground water monitoring program will be discussed and displayed at the spring community meeting to be held May 15 in the Ross Middle School.

Results of the spring community meeting will be documented and available for public review in the above noted reading rooms.

Sincerely,

James A. Reafsnyder
James A. Reafsnyder
