Subject: Roster of July 16 Community Meeting Attendees  
DOE Contract No. DE-AC05-90OR21951  
Environmental Remedial Action Project

Dear Ms. Kwiatkowski:

As a follow up activity for the July 16 Community Meeting, you will find attached a roster of attendees. This roster was compiled from sign-in sheets which were filled out at the meeting.

No one should mistake this list as definitive. I know there were residents (e.g., Ken Crawford) and DOE/Contractor employees who either forgot or did not want to sign in. There's really no way to calculate the number of people who escaped the sign in procedure. However, I would be surprised if there were more than 20 people who are not accounted for on the attached list.

Many individuals did not provide cities, states and zip codes when they signed in. In some cases, this information may be obvious, while in others we have no way of ascertaining such information.

Only one individual, Dale Spond of Martin Marietta, noted on the sign in sheet that he wanted a list of attendees. It is my position, unless directed otherwise, that such requests should be honored or denied only by you. Outside of the people copied on this memo, Parsons does not intend to release any list of attendees. In case you want to contact Mr. Spond about his request, he indicated he could be reached at: 303-977-7273.

One of the attendees was Anne Wickham. Gerry Westerbeck said Ms. Wickham did not receive a "Dear Neighbor" letter. Apparently she had previously given Gerry a business card (She is an "environmental consultant") and felt she was going to be put on the "Dear Neighbor" mailing list.

On July 22, I called Rachel Clark (WMCO) and she said Ms. Wickham was put on the "Dear Neighbor" list July 1. This was the day the letter was mailed (The letters were actually stuffed on June 28

000001

and 29). Perhaps this explains why Ms. Wickham did not get the letter.

Chris Hertz is checking with Janie Croswait to see if the list of attendees has to be given to the Public Environmental Information Center. If it does, we will see that Janie quickly receives the information and will ask her how such material will be handled (There may be some confidential provisions because of people's addresses).

Please call me if you have any questions and/or comments.

Very truly yours,  
PARSONS
