On 8/16/93, Harold Rice left a message on the Citizens Task Force voice mail. He attended the Fernald Task Force meeting on 7/14/93, and had two comments on the charter.

1. A lot of the work is duplicating what's being done or what has already been done by FRESH. Combine the two groups or split up the work between them.
2. Regarding the future use of the site, use as a prison as there is already substantial concrete or masonry buildings and fences.

Rice was called by Sarah Snyder and told his comments would be forwarded to the task force, which was expected to convene September 1. Asked if we could give his name and phone number to committee, he said yes.
