**AUG 23 1993**  
DOE-2794-93

Ms. Jackie Embry

Dear Ms. Embry:

**FERNALD CITIZENS TASK FORCE**

On behalf of the U.S. Environmental Protection Agency, the Ohio Environmental Protection Agency, and the U.S. Department of Energy, I invite you to become an alternate of the Fernald Citizens Task Force. As an alternate, you will participate fully in the discussions but not take part in the decision making.

As you are aware from your conversations with Dr. Eula Bingham, the convener of the task force, the task force will advise U.S. EPA, Ohio EPA, and DOE on environmental restoration and waste management issues at the Fernald site. Specifically, the group will consider, and make recommendations on, the following environmental issues:

- Future use of the site
- Cleanup objectives
- Waste disposal options
- Cleanup priorities

Because environmental restoration is at a pivotal juncture in the decision-making process, the task force's recommendations are critical to the successful remediation of the Fernald site. The three agencies will carefully consider the task force's recommendations in their decision-making process.

Serving on the task force is voluntary, and possibly will require a significant commitment of time. Travel expenses, such as meals, lodging and transportation, will be reimbursed in the same manner as for Department of Energy employees on official travel. A stipend will not be provided.

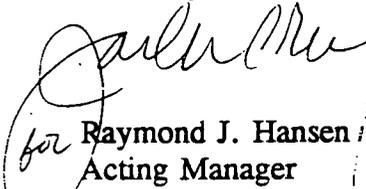

I have enclosed for your review a draft charter prepared by Dr. Bingham. The task force will review the charter and make any modifications it deems necessary before approving it.

Dr. Bingham would like the task force to tour the Fernald site on September 9, 1993. Dr. Bingham also recommends that the task force participate in a retreat, tentatively scheduled for September 17 - 18. We will be contacting task force members later with additional information about these meetings.

Because we hope to convene the task force by September 9, we need to know soon if you are willing to serve. Please call Ken Morgan, director of Public Information for DOE at the Fernald site, at 648-3131 by Friday, September 3, if you will be a member of the task force.

Thank you again for expressing an interest in serving on the Fernald Citizens Task Force.

Sincerely,

  
for Raymond J. Hansen  
Acting Manager

FN: Morgan
