Fernald Closure Contract

Baseline Scenario Development Public Discussion/Feedback

3458

Fluor Fernald is in the process of developing a new baseline designed to lead the site to closure. This baseline must be completed by May 20, 2001. Several scenarios, or sets of assumptions, have been considered as the foundation for this baseline. Some of these scenarios feature more or less accelerated approaches to reaching closure, but each reflects the same basic cleanup priorities.

These scenarios will be described at two upcoming community meetings to which all interested members of the public are invited. They are:

FRESH Meeting, Jan. 25, 7:30 p.m., Venice Presbyterian Church, Ross, Ohio

Fernald Citizens Advisory Board, Feb. 5, 6:00 p.m., Services Building Conference Room, Fernald Site, 7400 Willey Road, Harrison, Ohio

**For more information,
contact Jeff Wagner at 513-648-4898 or jeffrey.wagner@fernaldd.gov**
