RE: PSP for Miscellaneous
Area Wac Attainment

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Project Specific Plan (PSP) for sampling miscellaneous areas for the On-Site Disposal Facility (OSDF) Waste Acceptance Criteria (WAC) attainment.

This PSP includes sample collection information and procedures in the northwest corner of the production area, the solid waste landfill, and the fire training area to investigate whether soils in these areas meet the OSDF WAC.

The PSP appears technically adequate and is consistent with other similar documents. Therefore, U.S. EPA approves the PSP for sampling the miscellaneous areas for WAC attainment.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
