RE: Wetland Monitoring
Report Year 2000

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) wetland monitoring report for the year 2000.

U.S. EPA's previous comments have been adequately addressed with the following exceptions. First, a timeline for project construction and revegetation was not provided in the report. Second, the report states that the replanting strategy as requested by U.S. EPA is provided in Appendix J, however, Appendix J was not included in the report.

U.S. DOE must make the above corrections and submit a change page along with Appendix J.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
