RE: Deer Management Plan

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) deer management plan.

This document summarizes the current deer impacts and the deer control measures currently in place at the site, and provides a plan for minimizing future deer impacts on ecological restoration efforts.

U.S. EPA approves the deer management plan as it appears technically sound. Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
