RE: Bulk Waste Hauling to
Waste Pits

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) August 13, 2002, letter regarding the direct haul of bulk waste materials to the waste pits remedial action project.

The additional wastes to be de-containerized and direct hauled to the waste pit project for bulk disposition to Envirocare via unit train are described in Attachment A.

U.S. EPA concurs with the bulk hauling of this specific material to the waste pit remedial action project. Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
