

DOCUMENT TITLE: Integrated Environmental Monitoring Plan, Rev. 3

VARIANCE / FIELD CHANGE NOTICE (Include justification)

Requirement:

Table 3-4 "Listing of IEMP Groundwater Monitoring Wells", Section 3.6.2 "Sampling Program", and Figures 3-5, 3-6, A-17 and A-18 identify the groundwater monitoring wells in the program.

Variance:

Remove the following wells from Table 3-4, Figures 3-5, 3-6, A-17 and A-18, and the lists identified below in Section 3.6.2

- Section 3.6.2.1: Remove Wells 2015 and 2068, from Table 3-6, "Listing of Groundwater Wells to be Sampled for Total Uranium Only."
- Section 3.6.2.3: Remove Wells 2037 and 3009 from the "List of Seven Monitoring Wells to be Monitored Semiannually in the Waste Storage Area..."
- Section 3.6.2.4: Remove Well 2070, from the list of "Property/Plume Boundary Monitoring Wells to be monitored for FRL Exceedances Only".
- Section 3.6.2.6: Remove Wells 2011, 2015, 2037, 2068, 2417, 2020, 2070, 2949, and 3009, from the "List of Groundwater Elevation Monitoring Wells." Add Monitoring Wells 3011 and 3070.

Well 2037 also needs to be removed from dioxin sampling text found on page A-9.

Note:

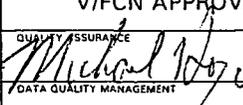

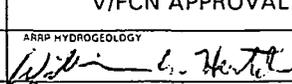

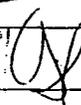

- Wells were sampled for the semi-annual sampling requirements during the first half of the year and groundwater elevations were measured twice during the first part of the year.

INFORMATION ONLY

Justification:

Wells identified above have been plugged and abandoned.
