RE: Lead RPM for OU 3

Dear Mr. Reising:

This letter is confirm a change in the United States Environmental Protection Agency (U.S. EPA) oversight at the United States Department of Energy's (U.S. DOE) Fernald, OH facility pursuant to Section XXV of the 1991 Amended Consent Agreement.

Based on your October 31, 2003, electronic mail correspondence notifying U.S. EPA that U.S. DOE is merging the soil and disposal facility project (Operable Unit 5) with the Decontamination and Demolition project (D&D) in Operable Unit 3 (OU 3), James Saric will be the lead Remedial Project Manager (RPM) for OU 3. U.S. EPA has determined that this reorganization will address the natural progression of cleanup activities that are occurring at the site and further assist in coordinating activities.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
