RTC

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Responses to Comments (RTC) on the draft Area 7, Phase I (A7,PI) post-excavation as-built report.

U.S. DOE has adequately address U.S. EPA's previous comments with the exception of one response, which is enclosed. Therefore, U.S. EPA approves the A7,PI As-Built report pending receipt of an adequate response to the enclosed comment and its incorporation into the document.

U.S. DOE must submit a revised RTC along with change pages within thirty (30) days receipt of this letter.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
