RE: Certification
Report A9,P2

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) draft certification report for Area 9, Phase 2 (A9,P2) North. This report presents the final certification results for 11 certification units in A9,P2.

The document appears technically adequate and data support U.S. DOE's conclusion that final remediation levels for soil were successfully achieved in A9,P2. Therefore, U.S. EPA approves the A9,P2 certification report.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
