RE: A1 P4 PSP

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Area 1 Phase 4 (A1 P4) Project Specific Plan (PSP) for predesign sampling in the truck staging area. The document describes soil sampling activities to determine if contamination exists in the spill area from a leaking truck parked in the staging area.

The document appears technically adequate. Therefore, U.S. EPA approves the A1 P4 truck staging area PSP.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
