RE: A1 P4 Part 1 Certification Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Area 1 Phase 4 (A1 P4) Part One certification report. The document provides certification information and data for certification unit 1 in A1 P4 Part One.

The certification report adequately demonstrates that the area has achieved the final remediation levels, and is consistent with other certification reports. Therefore, U.S. EPA approves the A1 P4 Part One certification report.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
