RE: Reconnaissance Level Characterization Report (RLCR) for Building 705 - Concurrence

Dear Mr. Legare:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division has reviewed the RLCR for Building 705, Revision 0 dated April 23, 2003. Based on the information contained in the RLCR we are hereby concurring with the determination that Building 705 is a Type 2 Facility.

Although we are concurring with the Typing of this facility as a Type 2 facility, we are not agreeing that the radiological investigation was properly performed to conclusively determine that no radiological contamination exists in this building. As such, an appropriate radiological investigation will need to be performed during the PDS of this building.

If you have any questions regarding this correspondence please contact me at (303) 692-3367 or David Kruckek at (303) 692-3328.
