Mr. Randy Ogg  
Environmental Restoration Program  
EG&G Rocky Flats  
P.O. Box 464, Building 080  
Golden, Colorado 80402-0464

Dear Mr. Ogg:

Enclosed on schedule are 25 copies of Parts I, II, and III of the OU4 IM/IRA-Environmental Assessment decision document for the Roundtable review. Parts I and III are bound together in one binder and Part II is bound separately in three binders. Also enclosed is a comment/response form that may expedite the comment/comment resolution process. A diskette with the comment/response form is included in WordPerfect® 5.1.

Line numbers have been printed in the right hand margin to help reviewers identify comment locations. Page numbers have not been placed on the figures because the pages are likely to change and all the page numbers have to be manually placed on the figures. As previously agreed, not all the appendices have been included in this roundtable review draft. However, a copy of an appendix will be made available to any reviewer who requests a copy to support their review.

Please note that written comments on Parts I and II are requested at the February 22, 1994 team meeting. Written comments on Part III are requested at the March 1, 1994 team meeting. It is important that written comments can be provided at the team meetings so that ES can begin to respond and incorporate changes for the formal IAG submittal.
