Subject: BUILDING 889 PROCESS WASTE SUMP INSPECTIONS, (Reference CDPHE Contact Record, dated September 17, 1996) GRK-269-96

Action: Forward information to CDPHE

RMRS is pleased to inform you that the two sump pits associated with the former Building 889 have been filled with expandable foam. This action constitutes a partial RCRA closure of this portion of the process waste system in accordance with the RCRA stable configuration discussed in the Rocky Flats Cleanup Agreement. As a consequence of this action and in accordance with the discussion documented in the referenced CDPHE Contact Record, no further inspections will be conducted for these sump pits.

If you need additional information associated with this action, please contact me at extension 2729.
