TRANSMITTAL OF THE DRAFT DATA SUMMARY - OPERABLE UNIT 14,  
RADIOACTIVE SITES - MCB-098-95

Action: None

This letter documents our formal transmittal of the Draft Data Summary - Operable Unit 14, Radioactive Sites. According to our Stop Work Order Implementation Plan, this document is scheduled for parallel review with EG&G Rocky Flats, Inc. One copy of the document was delivered to R. Batra, of your staff, on June 28, 1995. Our internal review will be completed on or before July 17, 1995. As soon as we have gathered the comments, we will forward a copy of the comments to R. Batra. Please be reminded that according to the Stop Work Order Implementation Plan, this document will not be revised; however, the comments on the Draft will be archived in the Environmental Records Center. This completes the last deliverable for the Operable Unit 14 as required in the Stop Work Order Implementation Plan.

If you need additional copies of this document or if there are any questions regarding this matter, please contact W. M. Katz at extension 8674 or digital page 5680.
