TRANSMITTAL OF BUILDINGS 664 AND T664A – RECONNAISSANCE LEVEL CHARACTERIZATION REPORT (RLCR) – DWF-071-04

Provided for your review and approval is the enclosed subject report for Buildings 664 and T664A. This report characterizes the physical, chemical and radiological hazards associated with these facilities, summarizes the characterization activities, defines the Data Quality Objectives developed for this characterization, and presents the data quality assessment, verification and validation of results. Because Building 664 functioned as RCRA Unit 20, a separate Closure Description Document has been submitted and approved by CDPHE. RCRA Unit 20 will be closed prior to demolition and documented in the Building 664 Closeout Report.

Based upon this RLCR and subject to concurrence by the CDPHE, Buildings 664 and T664A are considered RFCA Type 1 facilities pursuant to the RFETS Decommissioning Program Plan (DPP; K-H, 1999) and are acceptable for demolition.

Please notify Kaiser-Hill when you transmit this document to CDPHE. If you have any questions, do not hesitate to call me or Duane Parsons at extension 6458.

Dennis W Ferrera
