Gentlemen:

At the request of DOE HQ, we are forwarding to you a copy of the National Environmental Policy Act (NEPA) documentation used by DOE for approval to collect surface water for bench scale treatability studies. The enclosed Memo To File (MTF) was used to get DOE Headquarters approval to collect water for bench scale testing prior to finalization of an Environmental Assessment.

Please contact Scott Grace of my staff at 966-7199 if you have any questions.

Sincerely,

David Simonson, Acting Assistant Manager
for Environmental Management
