Gentlemen:

We are enclosing a Document Change Notice (DCN) for your approval. This DCN modifies how wells will be completed in the upper sandstone as part of the Operable Unit 2 Phase II RFI/RI Work Plan for the alluvium, section 5.2.2, "Proposed Monitor Wells in Bedrock." The DCN will allow for greater flexibility in characterizing the subcropping sandstone under differing geologic conditions.

If you have any questions, please contact Scott Grace at 966-7199.

Sincerely,

David P. Simonson  
Assistant Manager  
for Environmental Management
