Gentlemen

We are transmitting copies of the Operable Unit (OU) No 2 (903 Pad Mound East Trenches) Letter Report for the Colorado Department of Public Health and Environment (CDPHE) conservative screen and the Environmental Protection Agency (EPA) area of concern delineation. A meeting with your staffs was held on September 20 1994 concerning (1) delineation of the CDPHE source areas (2) discussion of the results of the CDPHE conservative screen (3) delineation of the EPA source areas and (4) placement of the residential area 10 acre grid for the EPA Human Health Risk Assessment (HHRA).

The Letter Report has been finalized based upon the consensus reached in the September 20th meeting. Additionally we have enclosed a figure and rationale for placement of the 10 acre grid for the EPA HHRA. The third enclosure is summary statistics for the EPA second area of concern. The summary statistics were sent by facsimile to EPA on September 21 1994 as requested.

Based upon the consensus reached we are proceeding with preparation of the HHRA portion of the OU 2 RCRA Facilities Investigation/ Remedial Investigation Report.

If you have any questions please contact Scott Grace at 966 7199

Sincerely

Steven W Slaten
IAG Project Coordinator
Environmental Restoration
