Action None required

Enclosed you will find sixteen copies of the Draft Operable Unit 2 Subsurface Interim Measure/Interim Remedial Action Plan/Environmental Assessment Soil Vapor Extraction Technical Memorandum No 4 dated March, 1995. Twelve copies are for the final review and approval by the Department of Energy/Rocky Flats Field Office and the remaining four copies are for transmittal to the Environmental Protection Agency and the Colorado Department of Public Health and Environment. This data will be used for the development of a conceptual model for Individual Hazardous Substance Site 110 which will also be used to identify additional data needs to support future remedial actions.

If you have any questions or require further information, please contact Pete Laurin at extension 8702 or Dennis Pontius at extension 8616, both of Environmental Restoration.
