TRANSMITTAL OF THE OPERABLE UNIT 3 TECHNICAL MEMORANDUM NUMBER 4
AND THE COLORADO DEPARTMENT OF PUBLIC HEALTH AND ENVIRONMENT
CONSERVATIVE SCREEN LETTER REPORT - MSB-044-94

Action: None required.

Two (2) copies of the Operable Unit (OU) 3 Contaminants of Concern Determination Technical Memorandum No. 4 and the Colorado Department of Public Health & Environment (CDPH&E) Conservative Screen Letter Report were delivered to you on September 23, 1994. This document delivery is approximately thirty days ahead of the agency-approved project schedule delivery date (October 20, 1994); however, as a result of delays in resolving the Great Western Reservoir exposure scenario issues this delivery is four days behind the internal project schedule delivery date (September 19, 1994). As such, these documents should be transmitted to Bonnie Lavelle of the Environmental Protection Agency and Joe Schieffelin of the CDPHE at the earliest possible time. Upon receipt of your transmittal letter, we will deliver two copies each of the above-referenced documents to the regulatory agencies. We will expedite the schedule where possible to make up the delay time.

Please call me at extension 8519 if you have any questions.

Mark S. Buddy
