The final Draft Pond Water Management Interim Measures/Interim Remedial Action (IM/IRA) Decision Document is enclosed. This report completes Milestone Number 12850012 in Work Package 12850. The final document was prepared through a close working relationship between DOE, RFFO and Surface Water utilizing input from the Colorado Department of Public Health and Environment (CDPHE) and the Environmental Protection Agency (EPA).

DOE, RFFO must deliver the document to CDPHE and EPA before the deliverable date of October 15, 1994. The date was established and written into the Statement of Resolution on the Pond Water Management by the Senior Executive Committee of the Interagency Agreement on April 15, 1994. At this time, there is no defined comment review period because the continuation of the IM/IRA Decision Document process is dependent on the schedule for the new National Pollutant Discharge Elimination System Permit.

If you have any questions, please call Georgene Porter at extension 5661.
