Explosive Gas Monitoring at the Present Landfill (IHSS 114), OU-7

Robert Benedetti, Acting Associate General Manager
Environmental Restoration Management
EG&G Rocky Flats, Inc.

The Colorado Department of Health (CDH) has requested information about recently installed gas venting/monitoring wells at the present landfill (see attached CDH letter dated September 21, 1992). These wells were apparently installed without DOE's prior knowledge, nor, apparently, without CDH's prior knowledge.

Please provide a written response to RFO Environmental Restoration Division addressing CDH's September 21, 1992, letter by October 6, 1992.

Questions should be addressed to Robert H. Birk at extension 5921.

Frazer R. Lockhart
Director
Environmental Restoration Division
