FROM: M. R. Wood, OU 7 Closures, Bldg. 080, X8784 *mev*

SUBJECT: OPERABLE UNIT 7 REDUCTION IN GROUNDWATER MONITORING REQUIREMENTS - MRW-004-95

DOE Order: 4700.1

Action: Abandon certain wells in the area of the existing landfill

This memorandum is intended to notify you of the Colorado Department of Public Health and Environment (CDPHE) approval, with the U. S. Environmental Protection Agency (EPA) concurrence, to abandon specific wells in the area of Operable Unit (OU) 7. The proposed well abandonment program consists of abandoning 27 of the 54 existing monitoring wells in OU7 that are currently sampled quarterly as Resource Conservation & Recovery Act (RCRA) compliance or sitewide groundwater protection wells.

Copies of the letters requesting abandonment and acceptance of the abandonment proposal are attached. In order to implement the OU7 well abandonment program, the OU7 project management is notifying the sitewide Groundwater Monitoring Program to reduce the proposed wells for abandonment from the RCRA compliance and sitewide groundwater protection monitoring program (GMP) effective second quarter of calendar year 1995.

In summary, OU7 project management requests that the following groundwater monitoring wells be dropped from the existing quarterly sitewide GMP.

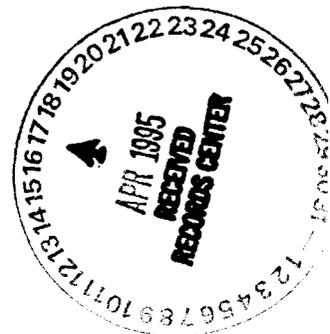

- 0786 0886 5887 6087 6187 6287 6487 6587 6687 6887 7087 7287 B106089
- B206289 B206389(00493) B206489 B206589 B206789 71193 71493 71693 71893
- 72093 72293 72393 72493 00393

If you have any questions, please call me or Laurie Peterson-Wright at X8553, thank you.
