Gentlemen:

Two copies of the RCRA Interim Status Closure Plans for the Rocky Flats Plant Sanitary Landfill and the Solar Evaporation Ponds are enclosed. These revised closure plans are submitted in response to the January 5, 1988, Notice of Deficiency (NOD) comments which were applicable to the sanitary landfill and the solar evaporation ponds. This NOD was prepared by the Environmental Protection Agency (EPA) and the Colorado Department of Health (CDH) in response to the Post-Closure Care Permit application submitted by the Department of Energy (DOE) in November, 1986, and the Solar Pond Closure Plans submitted by the DOE on March 1, 1988.

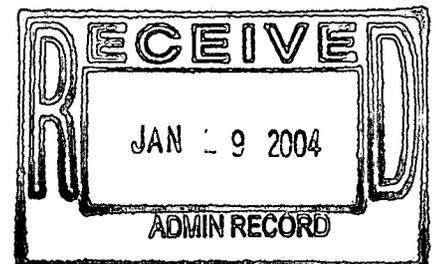

The revised plans are submitted in accordance with the July 1, 1988, schedule agreed to by the CDH, EPA and DOE in the meeting conducted on February 9, 1988. The remainder of the NOD comments will be addressed in the revised closure plans and Post-Closure Care permit application to be submitted on October 3, 1988, as also agreed to on February 9, 1988.

Any questions may be directed to Ms. Candice Jierree at 303-966-4888.

Sincerely,
Original Signed By
