OPTIMAL INTERIM REMEDIAL ACTION PLAN (IRAP) MILESTONES - WSB-264-93

The work package (12196) for the Optimal IRAP includes a milestone to DOE/RFO for the completion of the Contract Technical Evaluation on June 16, 1993. It is anticipated that this milestone will not be met. Recent discussions regarding the use of this work package to investigate accelerated cleanup strategies have necessitated changing the scope of the original IRAP work package.

Work is currently in progress to redefine the scope of this work package. Once this has been accomplished, it will be presented to the Change Control Board and new milestones will be instituted. Scope changes will not affect the approved funding level for this work package.

If you have any questions concerning this work package, please call M. S. Buddy of my staff at extension 8519.
