

Department of Energy
Office of Legacy Management

AUG 18 2010

Mr. George Di Ciero
City and County Manager
City and County of Broomfield
One DesCombes Drive
Broomfield, CO 80020

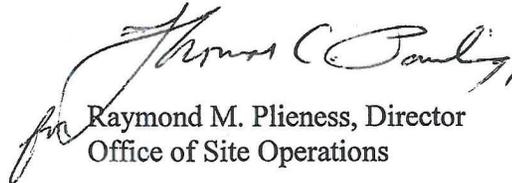

Subject: Letter Dated August 16, 2010, Regarding Proposed Changes to Rocky Flats Water Configuration Environmental Assessment

Dear Mr. Di Ciero:

Thank you for your letter of August 16, 2010. We appreciate your continued interest in the U.S Department of Energy, Office of Legacy Management's current Environmental Assessment (EA) at Rocky Flats. While we believe the public involvement process has provided for significant opportunity to ask questions and express concerns, we respect that Broomfield has remaining issues that you would like to discuss once more in the hopes of reaching compromise. We welcome this offer to meet so long as it can be accomplished in a timely way and provided we can develop a mutually agreeable agenda. I can travel to the Denver area and am available next week Wednesday afternoon, Thursday afternoon and also Friday morning. Let me know if you can arrange for an hour or two meeting within those available times. I will postpone final action on the EA pending this meeting prior to the end of August. Again, thank you for your interest in the site.

Please contact me at (970) 248-6091 or Tom Pauling at (970) 248-6048 to arrange for a meeting.

Sincerely,

Raymond M. Plienness, Director
Office of Site Operations
