Subject: New contact record posted to DOE Legacy Management website

The U.S. Department of Energy has posted Contact Record CR 2011-01, "Replace Mound Site Plume Treatment System (MSPTS) Media and Maintain/Repair Discharge Gallery" to the Rocky Flats DOE Legacy Management website at http://www.lm.doe.gov/Rocky_Flats/ContactRecords.aspx.

This contract record discusses the routine replacement of the media in the Mound Site Plume Treatment System and improvements to the system plumbing that will be installed during the media replacement. The contact record also discusses the consultation between DOE, the Colorado Department of Health and Environment and the U.S. Environmental Protection Agency that allows excavation below three feet as required by Institutional Control 2 of the Rocky Flats Legacy Management Agreement.
