RE: Request for Extension of Public Comment Period for Proposed Plan for
Amendment of Corrective Action Decision/Record of Decision (CAD/ROD)

Mr. Standbridge:

The Rocky Flats Legacy Management Agreement (RFLMA) Parties (U.S. Department of Energy, Colorado Department of Public Health and Environment, and U.S. Environmental Protection Agency) received your request for an extension to the public comment period on the Proposed Plan for Amendment of Corrective Action Decision/Record of Decision (CAD/ROD). The Parties are in agreement that the comment period, already extended at stakeholder request from 30 days to 60 days, is sufficient for review of the proposed language changes to the CAD/ROD, the only document currently out for public comment. Public comment will now be accepted on the CAD/ROD Proposed Plan until August 2, 2011.

The other documents you cite in your letter are final documents which have had extensive public review and discussion and are not the subject of the current public comment period.

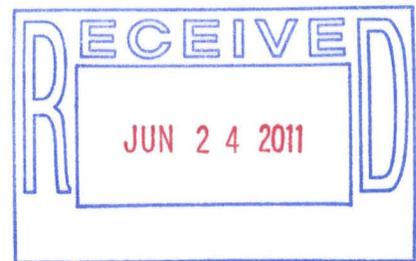

The RFLMA Parties understand the concerns of Broomfield and other downstream communities and will continue to meet with you in on-going discussions on all aspects of the Rocky Flats project.

Sincerely,

Scott Surovchak, DOE RFLMA Coordinator

Carl Spreng, CDPHE RFLMA Coordinator

Vera Moritz, EPA RFLMA Coordinator
