Subject: Rocky Flats Notification of completion of new POC flume and changes to RFLMA POCs
Attachments: Construction Completion for New Flume and Changes to RFLMA POC_9-9-11.pdf

The U.S. Department of Energy, Office of Legacy Management is providing public notification of the completion of the new flume installation on Walnut Creek near the Central Operable Unit boundary. The attached document, which will be posted to the Rocky Flats website at <http://www.lm.doe.gov/Rocky_Flats/Documents.aspx> early next week, is the letter notifying the U.S. Environmental Protection Agency (EPA) and the Colorado Department of Public Health and Environment (CDPHE) that the new flume has been installed, tested and is working correctly and that the new location will become a Point of Compliance as is required by the Rocky Flats Legacy Management Agreement (RFLMA), Attachment 2.

If you have any difficulty accessing information on the Rocky Flats website or have any other questions, please contact:
