Subject: New contact record concerning a reportable condition posted to the DOE Legacy Management Rocky Flats website

The U.S. Department of Energy has posted contact record RFLMA CR2011-08, "Reportable Condition for Americium-241 (Am) at Rocky Flats Legacy Management Agreement (RFLMA) Point of Evaluation (POE) GS10", to the DOE Legacy Management Rocky Flats website at <http://www.lm.doe.gov/Rocky_Flats/ContactRecords.aspx>. The contact records page is located on the Community Involvement page of the website.

As required by the Rocky Flats Legacy Management Agreement, work discussed in this contact record will not begin sooner than 10 days following this public notification of the posting.
