RE: Final Grading Plan for the Original Landfill to Address Localized Distress Cracking Reportable Condition

Dear Mr. Surovchak:

The Colorado Department of Public Health and Environment (Department) has reviewed the final grading plan that addresses the reportable condition that currently exists on the Original Landfill cover. This grading plan is consistent with consultation with the Department, which occurred on November 19, 2013 and with the Soil Disturbance Review Plan attached to Contact Record 2013-03 and is therefore approved.

Please contact me if you have any questions regarding this approval.

Sincerely,

Carl Spreng
RFLMA Project Coordinator
