RE: Contact Record 2014-09

Dear Mr. Surovchak,

The Colorado Department of Public Health and Environment (CDPHE), in coordination with Region 8 of the Environmental Protection Agency, has reviewed draft Contact Record 2014-09. This contact record and the accompanying Soil Disturbance Review Plan propose improvements to drainage features in and around the East Perimeter Channel of the Original Landfill.

Our review has determined that the proposed soil disturbance activities are consistent with the remedy, with RFLMA Institutional Controls 3 and 6, and with consultation among the RFLMA parties that occurred on August 5, 2014. Contact Record 2014-09 and the Soil Disturbance Review Plan are therefore approved. In accordance with the RFLMA Public Involvement Plan, these activities will not begin until 10 calendar days after this contact record is posted on the Rocky Flats website and stakeholders are notified of the posting.

Please let me know if you have any questions regarding this approval.

Sincerely,

Carl Spreng
RFLMA Project Coordinator
