

INTEROFFICE CORRESPONDENCE

DATE: October 4, 1994

TO: D. W. White, Technical Security, Bldg. T121A, X2390

FROM: M. C. McKee, Solar Pond Projects, Bldg. 080, X8717 *MU*

SUBJECT: GROUND PENETRATING RADAR EQUIPMENT ENTERING THE PROTECTED AREA FOR OPERABLE UNIT 4 (OU 4) - MCM-012-94

DOE Order: 4700.1

Action: Written Approval

Solar Pond Projects requests access for a portable IBM computer to enter the Protected Area to verify the existing utilities in the OU 4 area. This computer will assist in performing a Ground Penetrating Radar Survey.

The computer is a DTK 386 33 with 5 MG RAM, 130 MG Hard Disk, 1 - 3 1/2" floppy drive, Serial Number #33012E08D2C01925D. This computer is a rental machine from PCR Rentals and is pre-loaded with DOS 6.2. The software package is Pulse Ekko Rental Software, Version 4.0, Registration #011289000. The computer operator for this exercise is Ms. Linda Hadley, social security [REDACTED] Ms. Hadley is employed with Hadley & Hollingsworth who is a subcontractor of Engineering-Science, Inc. Escorts will be provided for the duration of this project.

This computer will not connect to nor share data with any other EG&G computer.

Your concurrence is requested in writing to support this piece of equipment entering the protected area.
