RCRA POST-CLOSURE CARE PERMIT
CONTENTS OF VOLUMES

SECTION -----	VOLUME -----
POST-CLOSURE CARE PERMIT Sections A through K	I II III IV
CLOSURE PLANS -----	
APPENDIX I-2 Solar Evaporation Ponds	V VI VII VIII
APPENDIX I-3 Present Landfill	IX X XI
APPENDIX I-4 West Spray Field	XII XIII
APPENDIX I-5 Original Process Waste Lines	XIV XV XVI
APPENDIX I-6 Container Storage Facilities	XVII
APPENDIX I-7 Building 443 No. 4 Fuel Oil Tank	XVIII
APPENDIX I-8 Hazardous Waste Storage Area, SWMU No. 203	XIX
APPENDIX I-9 Original Uranium Chip Roaster	XX
APPENDIX I-10 Building 444 Acid Dumpsters	XXI
APPENDIX I-11 Bench Scale Treatment Unit, No. 32	XXII
APPENDIX I-12 Acid Dumpsters and Solvent Dumpsters	XXIII

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-1: Landfill Area Proposed

Alternate Monitoring System

Fiche location: A-SW-M4

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-2: Original Process Waste Line
Proposed Alternate Monitoring System

Fiche location: A-5W-M4

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-3: West Spray Field Proposed
Alternate Monitoring System

Fiche location: A-50-M4

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-4: Solar Ponds Area

Proposed Assessment Monitoring System

Fiche location: A-SW-M4

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-5: Rocky Flats Plant Bedrock
Geology + Top of Bedrock Beneath Rocky Flats Alluvium

Fiche location: A-SW-M5

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-6: Rocky Flats Plant Surfaceial
Geology

Fiche location: A-SW-M5

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-7: Potentiometric Surface of
Unconfined Flow System at Rocky Flats Plant

Fiche location: A-SW-M5

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-8: Present Landfill Area Surficial
Geology Map

Fiche location: A-SW-M5

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-9: Present Landfill Area Cross Section
Location Lines and Bedrock Geology

Fiche location: A-SW-M5

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-10: Present Landfill Area Cross Section

A-A'

Fiche location: A-SW-M5

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-11: Present Landfill Area

Cross Sections B-B' + C-C'

Fiche location: A-SW-M6

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-12: Present Landfill Area

Cross Section D-D' + E-E'

Fiche location: A-SW-M6

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-13: Water Table Elevations at the
Present Landfill for January, 1988

Fiche location: A-SW-M6

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-14: Water Table Elevations at the Present Landfill for APRIL, 1988

Fiche location: A-SW-M6

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-15: Original Process Waste Line

Report Surficial Geology Map

Fiche location: A-SW-M6

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-16: Original Process Waste Line Report, Original Process Waste Lines, Monitor Well and Borehole Locations, Cross Section Location Lines and Bedrock Geology

Fiche location: A-SW-M6

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-17: Original Process Waste Line Report
Cross Sections A-A', B-B', C-C', D-D', and E-E'

Fiche location: A-SW-M7

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-18: West Spray Field

Surficial Geology Map

Fiche location: A-SW-m7

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-19: West Spray Field and Sampling Locations,
Spray Application Areas, Cross Section, Location Lines
and Bedrock Geology

Fiche location: A-SW-M7

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-20: West Spray Field

Cross Sections A-A', B-B', C-C', and D-D'

Fiche location: A-SW-17

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-21: West Spray Field

Water Table Within Surficial Materials
May-1987

Fiche location: A-SW-M7

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-22: West Spray Field - Water Table Within Surficial Materials - June-1987

Fiche location: A-SU-m7

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-23: West Spray Field - Water Table Within Surficial Materials Aug.-1987

Fiche location: A-SW-M8

NOTICE

This document (or documents) is oversized for 16mm microfilming, but is available in its entirety on the 35mm fiche card referenced below:

Document # 000284

Titled: Plate E-24: West Spray Field

Water Table Within Surficial Materials Nov. -1987

Fiche location: A-SW-m8
