Comments on the Ute Ladies' Tresses and Colorado Butterfly Weed Surveys Report

G. H. Setlock, Director
Environmental Management
EG&G Rocky Flats, Inc.

The Environmental Protection Division (EPD), Rocky Flats Office reviewed the report of survey results for Ute Ladies' Tresses and Colorado Butterfly Weed at Rocky Flats Plant during 1993, and suggests the following changes:

1. Please number the report pages and provide a table of contents and list of maps and figures included in the report. The review copy did not have copies of the map or Figures 1 and 2, referenced in the report, therefore these were not reviewed.
2. Please correct minor typographical errors: In the Introduction, replace "thier" with "their" in the second paragraph, and replace "992 surveys" with "1992 surveys" in the first bullet of paragraph 3. In the last paragraph of the introduction, "circmference" should be "circumference".
3. Please change the last sentence of the last paragraph of the Introduction to "Perhaps the most similar plant **known** to occur ...".
4. Please change the second sentence of the first paragraph under Discussion to: "The orchid would **probably** (based on what is presently known) ...".
5. Biographical information for H. Ward Marotti indicates that Mr. Marotti is expected to graduate in December of 1992. Please verify or correct the year.

If there are any questions, please call Patricia Powell at extension 3260.

E. A. Howard, Acting Director
Environmental Protection Division
