Gentlemen:

The Rocky Flats Environmental Technology Site has completed incorporation of your comments in both the Draft Corrective Action Management Unit (CAMU) Interim Measure (IM)/Interim Remedial Action (IRA) Decision Document and Application Support Document for Bulk Storage and the Draft Corrective Action Management Unit Interim Measure/Interim Remedial Action Decision Document and Application Support Document for Containerized Storage. The Colorado Department of Public Health and Environment's response to public comments has been included as an attachment to each document. The revised documents are enclosed.

We believe that all comments have been incorporated in both CAMU Decision Documents and all information necessary for the Colorado Department of Public Health and Environment to make the CAMU designations has been provided. Paragraph 109 of the Rocky Flats Cleanup Agreement specifies a 30 day period from the end of the public comment period (i.e. August 28, 1997) for the designation decision to be made.

If you have any questions regarding this matter, please contact Mr. Bill Prymak at 966-5979.

Sincerely,

for Steven W. Slaten
RFCA Project Coordinator
