

# INTEROFFICE MEMORANDUM

DATE: January 23, 1996  
TO: Distribution  
FROM: Gary Konwinski, Technical Assurance, T130F, X2729  
SUBJECT: **Request for Comments on Plutonium Migration Study Draft Report**

Attached to this memorandum is a draft copy of the initial deliverable associated with the plutonium migration study, entitled: "Plutonium Association with Selected Chemical and Mineralogical Phases in Soils of Rocky Flats, Colorado." Your review of this draft document will assist in developing a quality product that states the issues, assesses the situation, and integrates with the Site direction. Please comment directly on the draft document. I will compile the comments, and arrange a meeting to resolve conflicting viewpoints, if necessary.

I would appreciate receiving your comments on or before February 2, 1996. Thank you for your prompt consideration and support in this matter.
