Mr. Joe Schieffelin, Unit Leader

Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South, Denver, Colorado 80222-1530

Gentlemen:

As I discussed with both of you earlier this week, Sections I.B.3 Notification and I.B.5 Historical Release Report (HRR) of the Interagency Agreement (IAG) calls for submittal of quarterly update HRR reports by the U.S. Department of Energy/Rocky Flats Field Office (DOE/RFFO). I have been told that both Martin Hestmark and Joe Schieffelin recommended earlier this year that an annual update would suffice and would save resources. I would like to propose a change in reporting requirements regarding the HRR updates.

I propose that for now, annual reporting commence with the first annual HRR due on August 30, 1996. DOE shall continue notification to your agencies of any identified or suspected releases or threats of release as specified by Section I.B.3.

As we discussed, I have included a concurrence block on the bottom of this page to document your acceptance of this change in reporting requirements. If you have any questions, please feel free to call me at 966-4839.

Sincerely,

Steven W. Slaten
